

RAISE YOUR EXPECTATIONS

The PB series was designed to give a professional solution for the specific requirements of the customer.

Lindhaus engineered this accessory like a machine, it is equipped with the most sophisticated technical features in the world.

Today the central vac, the canister vacuum and the back pack, can be equipped with the PB units, for an extraordinary increase in cleaning efficiency.

Comes with 3 Year Warranty

- Computer Balanced Motor - For less vibration and longer motor life
- Electronic Overload Protection - Protects motor from overloads
- 180 Watt - Efficient design
- Electronic Logic Circuit - Stops the motor if brush is obstructed and restricts the free running RPM to 5000
- 360 Degree Convergent Bristles- Permanent bristles last longer while deep cleaning with lower vibration and no damage to carpets or floors.
